H. Rates and Reservation/Deposit/Refund/Discount/Cancellation Policies

A highly competitive market exists within the hunting guide industry in Alaska. A sufficient number of hunting guides provide similar services throughout Alaska, resulting in a range of prices and types of hunts available. The pricing of a hunt may not be directly enhanced by its locations within Glacier Bay National Preserve. Prices for hunts are also routinely negotiated between guides and clients. Therefore, a competitive market declaration will be the rate approval method for sport hunting guide services.

I. Interpretive Visitor Services and Client Orientation

The Concessioner shall inform all clients that they are hunting within a National Park Service unit. The Concessioner will provide visitors information about the mission of Glacier Bay National Park and Preserve. The mission states that the goal of the National Park Service is to conserve the scenery and the natural and historic objects, scenery and the wildlife therein, and to provide for the enjoyment of the same in such a manner and by such means as will leave them unimpaired for the enjoyment of future generations. It goes on to state that the designated regions should be "preserved and managed for the benefit and inspiration of all people of the United States" ... it is the Concessioner's responsibility not only to minimize the impact of the hunts on the environment but to provide sufficient information to clients that they fully appreciate the importance of perpetually maintaining and preserving the resources of Glacier Bay National Preserve for future visitors and for future generations.

J. Staffing, Employment and Employee Training

INSURANCE REQUIREMENTS

I. General

The Concessioner must obtain and maintain during the entire term of this Contract, at its sole cost and expense, the types and amounts of insurance coverage necessary to fulfill the obligations of the Contract. The Director will approve the types and amounts of insurance coverage purchased by the Concessioner.

At the request of the Director, the Concessioner must, at the time insurance is first purchased and annually thereafter, provide the Director with a Certificate of Insurance that accurately details the conditions of the policy as evidence of compliance with this section. The Concessioner must provide the Director immediate written notice of any material change in the Concessioner's insurance program hereunder, including without limitation, cancellation of any required insurance coverages.

From time to time, as conditions in the insurance industry warrant, the Director may modify this Exhibit, provided that any additional requirements must be reasonable and consistent with the types of insurance a prudent businessperson would purchase in similar circumstances.

The Director will not be responsible for any omissions or inadequacies of insurance coverages and amounts in the event the insurance purchased by the Concessioner proves to be inadequate or otherwise insufficient for any reason whatsoever.

This insurance must be in the amount commensurate with the degree of risk and the scope and size of the activities required and/or authorized under this Contract. The following Liability Coverages and limits are to be maintained at a minimum, all of which are to be written on an occurrence basis only. In addition, the insurance companies must be accurately listed along with their A.M. Best Identification Number ("AMB#"). The name, address and telephone number of the issuing insurance agent or broker must be clearly shown on the certificate of insurance as well.

Due to the space limitations of most standard certificates of insurance, it is expected that an addendum will be attached to the appropriate certificate(s) in order to provide the space needed to show the required information.

In addition to providing certificates of insurance, the concessioner, upon written request of the Director, must provide the Director with a complete copy of any of the insurance policies (or endorsements thereto) required herein to be maintained by the concessioner.

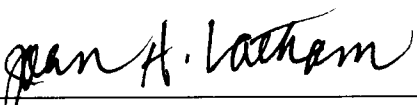

V. Statutory Limits

In the event that a statutorily required limit exceeds a limit required herein, the higher statutorily required limit will be considered the minimum to be maintained.
